HOW TO CITE RULES AND RSMo

RULES—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 28, *Missouri Register*, page 27. The approved short form of citation is 28 MoReg 27.

The rules are codified in the *Code of State Regulations* in this system—

Title	Code of State Regulations	Division	Chapter	Rule
1	CSR	10-	1.	010
Department		Agency, Division	General area regulated	Specific area regulated

They are properly cited by using the full citation , i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division within the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

RSMo—The most recent version of the statute containing the section number and the date.

The Secretary of State shall publish all executive orders beginning January 1, 2003, pursuant to section 536.035.2, RSMo Supp. 2008.

EXECUTIVE ORDER 09-18

WHEREAS, in recognition of the importance of energy efficiency and the use of clean, domestic energy resources, and of the importance of the leadership role of state government; and

WHEREAS, the State of Missouri commits to managing operational costs and sustaining resources for future generations; and

WHEREAS, the prudent utilization of energy conservation is of prime importance for the continued economic and environmental progress of the State of Missouri; and

WHEREAS, the energy required for the operation of state government buildings is a significant portion of the energy consumption of Missouri State Government; and

WHEREAS, the reduction of energy use in state government buildings will result in cost savings and the preservation of valuable natural resources; and

WHEREAS, the State of Missouri has the duty and opportunity to moderate energy use.

NOW THEREFORE, I, JEREMIAH W. (JAY) NIXON, GOVERNOR OF THE STATE OF MISSOURI, by virtue of the authority vested in me by the Constitution and laws of the State of Missouri, do hereby order that all state agencies whose building management falls under the direction of the Office of Administration shall institute policies in consultation with the Division of Facilities Management, Design and Construction and the Department of Natural Resources' Energy Center that will result in reductions of energy consumption by two percent per year for each of the next 10 years.

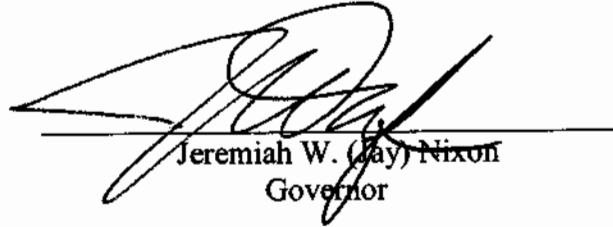

All new state construction, buildings being constructed for lease by the state, and significant renovations and replacement of energy-using equipment shall be at least as stringent as the most recent energy efficiency standards of the International Energy Conservation Code (IECC). Exemptions shall be limited to those listed in the IECC and exemptions approved by the Director of Facilities Management, Design and Construction.

Energy efficiency shall be made a priority in design, construction and operation of state government buildings. The Office of Administration shall develop and adopt a State Building Energy Efficiency Design Standard that establishes and prioritizes energy efficient design techniques specific to the needs and operations of state facilities. The State Building Energy Efficiency Design Standard shall incorporate as goals the energy recommendations and practices presented in the American Society of Heating, Refrigerating and Air-Conditioning Engineers' (ASHRAE) Advanced Energy Design Guide for Small Office Buildings. The State Building Energy Efficiency Design Standard shall also be made available for adoption by other state agencies whose building management does not fall under the direction of the Office of Administration.

ATTEST:

IN WITNESS WHEREOF, I have hereunto
set my hand and caused to be affixed the
Great Seal of the State of Missouri, in the City
of Jefferson, on this 23rd day of April, 2009.

Jeremiah W. (Jay) Nixon
Governor

Robin Carnahan
Secretary of State

Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbolology under the heading of the proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted printed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety (90)-day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:

Boldface text indicates new matter.

[Bracketed text indicates matter being deleted.]

Title 3—DEPARTMENT OF CONSERVATION Division 10—Conservation Commission Chapter 5—Wildlife Code: Permits

PROPOSED AMENDMENT

3 CSR 10-5.205 Permits Required; Exceptions: The commission proposes to amend subsection (1)(A).

PURPOSE: *This amendment removes the requirement for a cable restraint permit as referenced in 3 CSR 10-8.510.*

(1) Any person who chases, pursues, takes, transports, ships, buys, sells, possesses, or uses wildlife in any manner must first obtain the prescribed hunting, fishing, trapping, or other permit, or be exempted under 3 CSR 10-9.110, with the following exceptions:

(A) A resident landowner or lessee, as defined in this Code, may hunt, trap, or fish as prescribed in Chapters 6, 7, and 8 without per-

mit (except landowner deer and turkey hunting permits, Migratory Bird Hunting Permit, *[Resident Cable Restraint Permit,]* and Conservation Order Permit as prescribed), but only on land s/he owns or, in the case of a lessee, upon which s/he resides, and may transport and possess wildlife so taken.

AUTHORITY: *sections 40 and 45 of Art. IV, Mo. Const. and section 252.240, RSMo 2000. Original rule filed July 22, 1974, effective Dec. 31, 1974. For intervening history, please consult the Code of State Regulations. Amended: Filed March 23, 2009.*

PUBLIC COST: *This proposed amendment will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.*

PRIVATE COST: *This proposed amendment will not cost private entities more than five hundred dollars (\$500) in the aggregate.*

NOTICE TO SUBMIT COMMENTS: *Anyone may file a statement in support of or in opposition to this proposed amendment with David W. Erickson, Assistant Director, Department of Conservation, PO Box 180, Jefferson City, MO 65102. To be considered, comments must be received within thirty (30) days after publication of this notice in the Missouri Register. No public hearing is scheduled.*

Title 3—DEPARTMENT OF CONSERVATION Division 10—Conservation Commission Chapter 5—Wildlife Code: Permits

PROPOSED AMENDMENT

3 CSR 10-5.215 Permits and Privileges: How Obtained; Not Transferable: The commission proposes to amend section (5).

PURPOSE: *This amendment removes the requirement for a cable restraint permit as referenced in 3 CSR 10-8.510.*

(5) Permits are nontransferable and are valid from date of purchase through the last day of February of the prescribed permit year; except the Migratory Bird Hunting Permit, the Resident Trapping Permit, *[the Resident Cable Restraint Permit,]* the Resident Fur Handler Permit, and the Nonresident Furbearer Hunting and Trapping Permit shall be valid through June 30. Except as provided for permits purchased by telephone or through the Internet, no affidavit, receipt, or other document may be issued or used in lieu of the required permit. Temporary permit authorization number(s) allowing immediate use of permit privileges may be provided for permits (except deer and turkey permits) purchased through the department's authorized telephone or Internet sales service provider. The temporary permit authorization number(s) and picture identification must be carried at all times while hunting, fishing, or trapping until the actual permit(s) is received. Any permit issued or obtained by false statement or through fraud, or while privileges are revoked or denied by the commission, shall be invalid.

AUTHORITY: *sections 40 and 45 of Art. IV, Mo. Const. and section 252.240, RSMo 2000. Original rule filed July 22, 1974, effective Dec. 31, 1974. For intervening history, please consult the Code of State Regulations. Amended: Filed March 23, 2009.*

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed amendment with David W. Erickson, Assistant Director, Department of Conservation, PO Box 180, Jefferson City, MO 65102. To be considered, comments must be received within thirty (30) days after publication of this notice in the *Missouri Register*. No public hearing is scheduled.

Title 3—DEPARTMENT OF CONSERVATION
Division 10—Conservation Commission
Chapter 20—Wildlife Code: Definitions

PROPOSED AMENDMENT

3 CSR 10-20.805 Definitions. The commission proposes to amend section (44) of this rule.

PURPOSE: This amendment adds “tip-ups” to the definition of “pole and line.”

(44) Pole and line: Fishing methods using tackle normally held in the hand, such as a cane pole, casting rod, spinning rod, *[or]* fly rod, or ice fishing tackle commonly known as a **tip-up**, to which not more than three (3) hooks with bait or lures are attached. This fishing method does not include snagging, snaring, grabbing, or trotlines or other tackle normally attached in a fixed position.

AUTHORITY: sections 40 and 45 of Art. IV, Mo. Const. and section 252.240, RSMo 2000. This rule previously filed as 3 CSR 10-11.805. Original rule filed April 30, 2001, effective Sept. 30, 2001. For intervening history, please consult the *Code of State Regulations*. Amended: Filed March 23, 2009.

PUBLIC COST: This proposed amendment will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.

PRIVATE COST: This proposed amendment will not cost private entities more than five hundred dollars (\$500) in the aggregate.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed amendment with David W. Erickson, Assistant Director, Department of Conservation, PO Box 180, Jefferson City, MO 65102. To be considered, comments must be received within thirty (30) days after publication of this notice in the *Missouri Register*. No public hearing is scheduled.

Title 12—DEPARTMENT OF REVENUE
Division 30—State Tax Commission
Chapter 2—Original Assessment

PROPOSED AMENDMENT

12 CSR 30-2.018 Method of Adminstrating the Ad Valorem Taxation of the Private Railcar Industry and Applying for the Freight Line Company Tax Credit. The commission is amending this rule by changing the title and purpose and by adding sections (2) and (3).

PURPOSE: This amendment changes the title of the rule, the purpose, and adds language pertaining to the application for tax credits of eligible expenses.

PURPOSE: This rule sets forth the precise method of administrating the ad valorem tax for the private railcar industry and the procedure for applying for the tax credit for eligible expenses.

(2) Each freight line company applying for the tax credit authorized in subsection 137.1018.4, RSMo, shall submit a completed Form 50, Schedule 1, Schedule 3PC, and Schedule 20PC to the State Tax Commission on or before May 1 of the tax year for which the credit is sought, and no such credit shall be given to any company filing the form after that date. The method for determining whether the form is submitted within the time prescribed by this rule will be the same method used for determining the timeliness of complaints filed with the State Tax Commission as set out in 12 CSR 30-3.010(1)(C).

(3) In any year in which the general assembly appropriates insufficient funds to fully finance the tax credit authorized in subsection 137.1018.4, RSMo, the State Tax Commission, based upon the funds appropriated, shall allocate the credit proportionately among the freight lines timely requesting the tax credit for that year. The tax credit each individual freight line company will receive shall be calculated by multiplying the percentage that each company’s claim (not to exceed their tax liability) represents of the total credit claims of all freight line companies (who timely submitted the required form and schedule for that tax year) multiplied by the amount of funds actually appropriated for that tax year.

AUTHORITY: section[s] 137.1018, RSMo Supp. 2008 and section 137.1021, RSMo [Supp. 1999] 2000. Original rule filed Sept. 20, 1999, effective May 30, 2000. Amended: Filed April 28, 2009.

PUBLIC COST: This proposed amendment will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.

PRIVATE COST: This proposed amendment will not cost private entities more than five hundred dollars (\$500) in the aggregate.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed amendment with Sandy Wankum, Administrative Secretary, State Tax Commission of Missouri, PO Box 146, Jefferson City, MO 65102-0146. To be considered, comments must be received within thirty (30) days after publication of this notice in the *Missouri Register*. No public hearing is scheduled.

Title 12—DEPARTMENT OF REVENUE
Division 30—State Tax Commission
Chapter 3—Local Assessment of Property and Appeals
From Local Boards of Equalization

PROPOSED AMENDMENT

12 CSR 30-3.010 Appeals From the Local Board of Equalization. The commission is amending section (1) by deleting subsection (1)(F).

PURPOSE: This amendment eliminates the requirement of paying taxes of those property owners who have a pending appeal with the State Tax Commission. The Eastern District Court of Appeals has ruled this requirement unnecessary.

(1) Every owner of real property or tangible personal property shall have the right to appeal from the decision of the local board of equalization, upon compliance with the following rules:

[(F) In all appeals except those where the sole issue is exemption of the entire property under appeal, taxes on the property under appeal must be timely paid on or before December 31 of each tax year affected by the appeal or such appeal shall be dismissed.]

AUTHORITY: section 138.430, RSMo Supp. 2008. This rule was previously filed as 12 CSR 30-2.030. Original rule filed Dec. 13, 1983, effective March 12, 1984. For intervening history, please consult the *Code of State Regulations*. Amended: Filed April 28, 2009.

PUBLIC COST: This proposed amendment will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.

PRIVATE COST: This proposed amendment will not cost private entities more than five hundred dollars (\$500) in the aggregate.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed amendment with Sandy Wankum, Administrative Secretary, State Tax Commission of Missouri, PO Box 146, Jefferson City, MO 65102-0146. To be considered, comments must be received within thirty (30) days after publication of this notice in the *Missouri Register*. No public hearing is scheduled.

**Title 20—DEPARTMENT OF INSURANCE,
FINANCIAL INSTITUTIONS AND PROFESSIONAL
REGISTRATION
Division 2245—Real Estate Appraisers
Chapter 3—Applications for Certification and Licensure**

PROPOSED RESCISSION

20 CSR 2245-3.005 Trainee Real Estate Appraiser Registration. This rule prescribed the process for an individual to register as a trainee real estate appraiser and the rules governing the practice of real estate appraising by a trainee real estate appraiser.

PURPOSE: The rule is being rescinded and readopted to further define the responsibility of the supervising appraiser and exactly what is meant by direct supervision and to address out-of-state supervisor requirements.

AUTHORITY: section 339.509(8), RSMo 2000. Original rule filed Nov. 21, 2006, effective July 30, 2007. Amended: Filed Nov. 15, 2007, effective May 30, 2008. Amended: Filed June 27, 2008, effective Dec. 30, 2008. Rescinded: Filed April 24, 2009.

PUBLIC COST: This proposed rescission will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.

PRIVATE COST: This proposed rescission will not cost private entities more than five hundred dollars (\$500) in the aggregate.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed rescission with the Real Estate Appraisers Commission, PO Box 1335, Jefferson City, MO 65102, by facsimile at (573) 526-3489, or via email at reacom@pr.mo.gov. To be considered, comments must be received within thirty (30) days after publication of this notice in the *Missouri Register*. No public hearing is scheduled.

**Title 20—DEPARTMENT OF INSURANCE,
FINANCIAL INSTITUTIONS AND PROFESSIONAL
REGISTRATION
Division 2245—Real Estate Appraisers
Chapter 3—Applications for Certification and Licensure**

PROPOSED RULE

20 CSR 2245-3.005 Trainee Real Estate Appraiser Registration

PURPOSE: This rule prescribes the process for an individual to register as a trainee real estate appraiser and the rules governing the practice of real estate appraising by a trainee real estate appraiser.

PUBLISHER'S NOTE: The secretary of state has determined that the publication of the entire text of the material which is incorporated by reference as a portion of this rule would be unduly cumbersome or expensive. This material as incorporated by reference in this rule shall be maintained by the agency at its headquarters and shall be made available to the public for inspection and copying at no more than the actual cost of reproduction. This note applies only to the reference material. The entire text of the rule is printed here.

(1) For purposes of this rule, "registrant" shall mean a "trainee real estate appraiser" and "registration" shall mean the registration with the commission of a "trainee real estate appraiser."

(2) An applicant for licensure or certification shall only receive credit for appraisal experience earned after July 1, 2008, if the applicant has registered as a trainee real estate appraiser with the commission prior to accruing the experience.

(3) A person may register as a trainee real estate appraiser by submitting the following to the commission:

(A) An application on a form prescribed by the commission, including, but not limited to, the name and license number of each certified appraiser under which the registrant will provide appraisal services;

(B) An affidavit signed by each supervising appraiser acknowledging the supervisory relationship on a form prescribed by the commission; and

(C) The prescribed fee.

(4) No real estate appraisal experience is required as a prerequisite for registration.

(5) Training.

(A) The registrant shall be subject to direct supervision by a Missouri certified appraiser in good standing with the commission for the prior two (2) years. If the trainee is currently licensed or certified, supervision shall only be required if the trainee is completing experience outside their current scope of practice.

(B) The supervising appraiser(s) shall be responsible for the training, guidance, and direct supervision of the registrant by:

1. Accepting responsibility for the appraisal report by signing and certifying that the report complies with the *Uniform Standards of Professional Appraisal Practice* (USPAP), 2006 Edition. The USPAP, 2006 Edition, is incorporated herein by reference and can be obtained from The Appraisal Foundation, 1155 15th Street NW, Suite 1111, Washington, DC 20005, by calling (202) 347-7722, or at www.appraisalfoundation.org. This rule does not incorporate any subsequent amendments or additions;

2. Reviewing and signing the appraisal report(s) for which the registrant has provided appraisal services; and

3. Personally inspecting each appraised property with the registrant until the supervising appraiser determines the registrant trainee is competent, in accordance with the competency rule of USPAP. If applying for a residential certification, the supervising appraiser shall personally inspect fifty (50) properties with the registrant, unless otherwise waived by the commission for good cause. If applying for certified general, the supervising appraiser shall personally inspect twenty (20) nonresidential properties with the registrant, unless otherwise waived by the commission for good cause.

(C) The registrant is permitted to have more than one (1) supervising appraiser, but a supervising appraiser may not supervise more than three (3) registrants at one (1) time. The supervisor shall not be employed by the trainee.

(D) The registrant and a supervising appraiser shall notify the

commission of a newly created supervisory relationship and submit an affidavit from the supervising appraiser acknowledging the supervisory relationship prior to the registrant performing appraisal services under the supervising appraiser. A registrant shall not receive credit for appraisal experience under a certified appraiser unless the registrant has first notified the commission of the certified appraiser's name and license number. Within ten (10) days of the termination of a supervisory relationship, the registrant and the supervising appraiser shall notify the commission that the supervisory relationship has been terminated.

(E) The registrant and each supervising appraiser shall maintain an appraisal log. This appraisal log may be maintained jointly, but each shall be individually responsible to assure the completion and availability of the appraisal log regardless of the agreement or practice of the registrant and the supervising appraiser regarding its maintenance. Separate appraisal logs shall be maintained for each supervising appraiser. The registrant and the supervising appraiser shall provide a copy of the appraisal log to the commission upon request. At a minimum, the appraisal log shall include the information required by 20 CSR 2245-2.050 and the following:

1. Description of work performed by the trainee and scope of the review and supervision of the supervising appraiser;
2. Number of actual work hours by the trainee on the assignment; and
3. The name and state certification number of the supervising appraiser.

(F) The Missouri certification of the supervising appraiser shall be in good standing and not subject to revocation or suspension within the last two (2) years. "Subject to revocation or suspension within the last two (2) years" shall mean that any term of revocation or suspension shall be terminated more than two (2) years prior to a licensee serving as supervising appraiser. Anyone subject to probation cannot supervise trainees during the probationary period, unless otherwise ordered by the commission.

(G) A certified appraiser may not serve as the supervising appraiser for an individual trainee for more than five (5) years, unless otherwise approved by the commission for good cause. The "trainee real estate appraiser" registration is not intended as a long-term method of performing appraisal services in the absence of progress toward licensure or certification as an appraiser. A supervising appraiser shall not serve as supervising appraiser for any trainee if the supervisor has knowledge that the trainee does not intend to progress toward licensure or certification or with the intent to evade the appraiser licensing or certification requirements of Chapter 333, RSMo.

(6) A person may register as a trainee under a supervising appraiser licensed or certified in another state if:

(A) The supervising appraiser is licensed or certified in another state that has requirements that are substantially similar to the requirements in Missouri for certification as a state-certified general or state-certified residential real estate appraiser;

(B) The supervising appraiser's licensure or certification from the other state authorizes the supervisor, at a minimum, to perform the same scope of appraisal services that either a Missouri-certified general or certified residential appraiser is authorized to perform.

(C) The supervising appraiser's license or certification from the other state is active and has been in good standing and not subject to discipline for the prior two (2) years. The trainee real estate appraiser application shall be accompanied by verification from the supervising appraiser's licensing or certification authority verifying that the supervising appraiser's license is active, in good standing, and has not been disciplined as provided in this subsection.

(D) Upon application for licensure or certification, trainees that are supervised by an appraiser licensed or certified in another state shall be required to comply with all licensing or certification requirements established by Missouri law, including 20 CSR 2245-3.010(5), which provides that fifty percent (50%) of all experience

hours must be completed in the state of Missouri. Trainees are also reminded that pursuant to 20 CSR 2245-3.010, applicants for a general certification must have accumulated a total of three thousand (3,000) hours of appraisal experience of which at least fifty percent (50%) (one thousand five hundred (1,500) hours) shall be in nonresidential appraisal work and under the supervision of a Missouri-certified general real estate appraiser or a certified general appraiser licensed in another state and who is authorized to perform the same scope of appraisal services as a Missouri-certified general appraiser.

(7) As used in this section, "direct supervision" shall mean, the degree of supervision required of a supervisory appraiser overseeing the work of a registrant by which the supervisory appraiser has control over and detailed professional knowledge of the work being done. Direct supervision is achieved when a registrant has regular direction, guidance, and support from a supervisory appraiser. The supervisor shall determine the level of supervision that is appropriate for the appraisal project and the skill level of the registrant as assessed by the supervisor. Direct supervision shall include but is not limited to the following:

(A) Reviewing the registrant's appraisal report(s) to ensure research of general and specific data has been adequately conducted and properly reported, application of appraisal principles and methodologies has been properly applied, that any analysis is sound and adequately reported, and that any analysis, opinions, or conclusions are adequately developed and reported so that the appraisal report is not misleading; and

(B) Reviewing the registrant's work product and discussing with the registrant any edits, corrections, or modifications that need to be made.

AUTHORITY: section 339.509(8), RSMo 2000. Original rule filed Nov. 21, 2006, effective July 30, 2007. Amended: Filed Nov. 15, 2007, effective May 30, 2008. Amended: Filed June 27, 2008, effective Dec. 30, 2008. Rescinded and readopted: Filed April 24, 2009.

PUBLIC COST: This proposed rule will cost state agencies or political subdivisions approximately two hundred eight dollars and thirty-two cents (\$208.32) annually for the life of the rule. It is anticipated that the costs will recur for the life of the rule, may vary with inflation, and are expected to increase at the rate projected by the Legislative Oversight Committee.

PRIVATE COST: This proposed rule will cost private entities approximately two hundred eight dollars and forty cents (\$208.40) annually for the life of the rule. It is anticipated that the costs will recur for the life of the rule, may vary with inflation, and are expected to increase at the rate projected by the Legislative Oversight Committee.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed rule with the Real Estate Appraisers Commission, PO Box 1335, Jefferson City, MO 65102, by facsimile at (573) 526-3489, or via email at reacom@pr.mo.gov. To be considered, comments must be received within thirty (30) days after publication of this notice in the Missouri Register. No public hearing is scheduled.

Chapter 3 - Applications for Certification and Licensure

Prepared April 14, 2009 by the Division of Professional Registration

II. SUMMARY OF FISCAL IMPACT

Affected Agency or Political Subdivision	Estimated Cost of Compliance	
Real Estate Appraisers Commission	\$208.32	
	Total Annual Cost of Compliance for the Life of the Rule	\$208.32

III. WORKSHEET

The Licensure Technician II processes the applications. The Executive Director reviews and approves the applications.

STAFF	ANNUAL SALARY	SALARY TO INCLUDE FRINGE BENEFIT	HOURLY SALARY	COST PER MINUTE	TIME PER APPLICATION	COST PER APPLICATION	TOTAL COST
Licensure Technician II	\$28,524	\$42,429.45	\$20.40	\$0.34	10 minutes	\$3.40	\$68.00
Executive Director	\$58,865	\$87,561.69	\$42.10	\$0.70	10 minutes	\$7.02	\$140.32
Total Annual Personal Services Cost for the Life of the Rule							\$208.32

IV. ASSUMPTION

1. Employee's salaries were calculated using the annual salary multiplied by 48.89% for fringe benefits and then divided by 2080 hours per year to determine the hourly salary. The hourly salary was then divided by 60 minutes to determine the cost per minute. The cost per minute was then multiplied by the amount of time individual staff spent on the processing of applications or renewals. The total cost was based on the cost per application multiplied by the estimated number of applications.
2. The public fiscal note for this rule only reflects the cost for this particular process. However, private entity fees are set at an amount to cover the total actual cost incurred by the office, which includes personal service, expense and equipment and transfers.
3. It is anticipated that the total cost will recur for the life of the rule, may vary with inflation and is expected to increase at the rate projected by the Legislative Oversight Committee.

	Estimated Annual Cost of Compliance for the Life of the Rule	\$208.40

III. WORKSHEET

See table above.

IV. ASSUMPTION

1. It is anticipated that the total cost will recur for the life of the rule, may vary with inflation and is expected to increase at the rate projected by the Legislative Oversight Committee.
2. It is anticipated that the verification from the supervising appraiser's licensing or certification authority will cost approximately \$10.00 based on the Missouri Real Estate Appraisers Commission's fee.

This section will contain the final text of the rules proposed by agencies. The order of rulemaking is required to contain a citation to the legal authority upon which the order of rulemaking is based; reference to the date and page or pages where the notice of proposed rulemaking was published in the *Missouri Register*; an explanation of any change between the text of the rule as contained in the notice of proposed rulemaking and the text of the rule as finally adopted, together with the reason for any such change; and the full text of any section or subsection of the rule as adopted which has been changed from that contained in the notice of proposed rulemaking. The effective date of the rule shall be not less than thirty (30) days after the date of publication of the revision to the *Code of State Regulations*.

The agency is also required to make a brief summary of the general nature and extent of comments submitted in support of or opposition to the proposed rule and a concise summary of the testimony presented at the hearing, if any, held in connection with the rulemaking, together with a concise summary of the agency's findings with respect to the merits of any such testimony or comments which are opposed in whole or in part to the proposed rule. The ninety (90)-day period during which an agency shall file its order of rulemaking for publication in the *Missouri Register* begins either: 1) after the hearing on the proposed rulemaking is held; or 2) at the end of the time for submission of comments to the agency. During this period, the agency shall file with the secretary of state the order of rulemaking, either putting the proposed rule into effect, with or without further changes, or withdrawing the proposed rule.

Title 10—DEPARTMENT OF NATURAL RESOURCES
Division 10—Air Conservation Commission
Chapter 6—Air Quality Standards, Definitions, Sampling
and Reference Methods and Air Pollution Control
Regulations for the Entire State of Missouri

ORDER OF RULEMAKING

By the authority vested in the Missouri Air Conservation Commission under section 643.050, RSMo 2000, the commission amends a rule as follows:

10 CSR 10-6.060 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on November 17, 2008 (33 MoReg 2192-2204). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Missouri Department of Natural Resources' Air Pollution Control Program received nineteen (19) comments from three (3) sources: the U.S. Environmental Protection Agency (EPA), AmerenUE, and Kansas City Power & Light Company (KCPL).

COMMENT #1: The EPA supports the deletion of the definition of baseline area in paragraph (1)(A)1. and the adoption of the federal definition through incorporation by reference.

RESPONSE: The department's Air Pollution Control Program appreciates the EPA's support of this revision. No wording changes have been made to the proposed amendment as a result of this comment.

COMMENT #2: The EPA commented that the format for the incorporation by reference of various federal New Source Review (NSR) rules, promulgated as of July 1, 2007, that include updates found in Federal Register (FR) notices should be revised for clarity. The EPA suggested removing the FR language in subparagraph (1)(A)2.A. and subsection (8)(A) or, as an alternate option, revising the language. The EPA provided some suggested language. In addition, some *Code of Federal Regulations* (CFR) references cite a date of July 2, 2007, which should be July 1, 2007.

RESPONSE AND EXPLANATION OF CHANGE: As a result of this comment, the corresponding language in subsection (1)(A) and (8)(A) has been rewritten using the suggested language. Also, the incorrect reference citation dates in subparagraphs (1)(A)2.B.-D. of the proposed amendment have been corrected.

COMMENT #3: The EPA noted that Missouri's revisions to the definition of the term major stationary source include EPA's recent revision excluding certain ethanol production facilities from the chemical process plant category. These revisions would apply both to attainment and nonattainment areas. If Missouri adopts the revision as proposed and submits it as a revision to the State Implementation Plan (SIP), it will be necessary to address the Clean Air Act (CAA) antibacksliding provisions, including section 193, applicable to nonattainment areas.

RESPONSE: When the rule is submitted to the EPA as a revision to the SIP, justification will be provided to show that air quality will not be impacted with this amendment. No wording changes have been made to the proposed amendment as a result of this comment.

COMMENT #4: The EPA commented that certain federal nonattainment area definitions found in 40 CFR 51.165 and incorporated in the Missouri proposal, in turn, reference other federal definitions which would not be incorporated in the revision. For clarity, Missouri should specify whether these latter definitions are intended to apply, or whether the corresponding definitions in 40 CFR 52.21 (which is incorporated by reference in the Missouri rule) are intended to apply.

RESPONSE AND EXPLANATION OF CHANGE: Paragraph (1)(A)2. of this proposed amendment defines certain terms that have unique meanings when applied to the nonattainment area major permitting program as opposed to the attainment area or Prevention of Significant Deterioration (PSD) program. Any term that appears in

paragraph (1)(A)2., that is also referenced by other definitions in this paragraph, employs the definition from 40 CFR 51.165. All other terms used in these definitions can be found elsewhere in subsection (1)(A). To clarify this, the introduction to proposed paragraph (1)(A)2. has been modified to indicate the meanings of these certain unique nonattainment terms apply to the definitions contained within this paragraph. Also, as a result of this comment, language was added to subparagraph (1)(A)2.C. to clarify a reference made within the definition of the term net emissions increase.

COMMENT #5: The EPA proposed revising subsection (1)(C), relating to construction prohibitions and waivers, to include some clarifying language. Due to confusion in the interpretation and implementation of the scope of the waiver provision in the past, and the application of the federal and state phrase "potential to emit" contained in the permit rule, the EPA recommended additional clarification of the provision. The last sentence in the proposed amendment states: The waiver is not available to sources seeking federally enforceable permit restrictions to avoid review under sections (7)-(9) of this rule. They recommend this language to reflect the corresponding federal requirements, the original intent of the rule, and the interpretation by EPA set forth in its rulemaking approving the original rule: The waiver is not available to sources which have the potential to emit pollutants (without considering controls which are not required under these rules or by a permit which has been issued under this rule) at levels which would subject them to review under sections (7)-(9) of this rule.

RESPONSE: The language the EPA is suggesting for change was not included in the content of the proposed amendment noticed to the public and cannot be revised in this rulemaking. Therefore, no wording changes have been made to the proposed amendment as a result of this comment. However, in review of this language, no change is necessary since it clearly states that the waiver process applies to sources not subject to a permit under sections (7)-(9) of this rule.

COMMENT #6: The EPA commented that the proposed revisions use the term new in modifying the term major stationary source in some contexts (e.g., subsection (7)(B) and paragraph (7)(B)8.). The term new is not defined and could unintentionally lead to some confusion. Sources which are subject to the rule are required to obtain permits prior to construction whether they are new or not. Also, the context implies that the referenced sources are to be constructed. Therefore, the term should be defined or, preferably, eliminated.

RESPONSE: One of the intents of this proposed amendment is to make these NSR reform provisions for nonattainment areas consistent with the federal NSR improvement rules by using language substantially similar to that of the corresponding federal regulations wherever possible. In this case, the proposed phrases in question involving the word new are not only similar, but identical to, the equivalent federal regulations. Examples of identical language in federal regulations are in 40 CFR 51.165(A)(2)(i) and 40 CFR 52.21(a)(2)(i). To avoid conflict with the language in federal regulations, no wording changes have been made to the proposed amendment as a result of this comment.

COMMENT #7: The EPA commented that paragraphs (7)(B)1. and (7)(B)3., relating to offsets, generally refer to the requirements of the Missouri banking and trading rule and the Clean Air Act. For clarity, and in order to ensure that offsets are implemented in accordance with federal requirements, the rule should also refer to the offset provisions of the federal rule.

RESPONSE AND EXPLANATION OF CHANGE: As a result of this comment, paragraphs (7)(B)1. and (7)(B)3. have been amended to incorporate these suggestions.

COMMENT #8: The EPA noted that, as part of the proposed rule changes, the department plans to relocate the definitions for section (9) (Major source hazardous air pollutant review) to a new section.

Since this portion of the rule is being reopened, the EPA suggested that the department also take the opportunity to remove the exemption for electric utility steam generating units (EGU) in proposed subsection (9)(B). In a January 7, 2009, memorandum from Robert Meyers to the EPA Regional Administrators, EPA reaffirmed that the provisions of 112(g) apply to coal-fired utilities.

RESPONSE: The EGU exemption in subsection (9)(B) states that the requirements of section (9) do not apply to electric utility steam generating units unless they are listed on the source category list established in accordance with section 112(c) of the Clean Air Act. Based on the memorandum mentioned in the comment, the EPA considers EGUs to be on the section 112(c) list and, therefore, the exemption does not apply and no wording changes have been made to the proposed amendment as a result of this comment.

COMMENT #9: The EPA noted that in the proposed paragraph (1)(A)4., a definition for the term nonattainment pollutant is added to clarify that nitrogen oxides (NO_x) and volatile organic compounds (VOCs) are precursors in ozone nonattainment areas. Since it is likely that Missouri will also have PM_{2.5} nonattainment area(s), the department should identify the PM_{2.5} precursor pollutants (e.g. (SO₂) and NO_x, but not VOC or ammonia). AmerenUE also suggested that the Air Program should consider adding the PM_{2.5} NSR changes to this existing rulemaking since the finalized rules for the implementation of NSR for Fine Particulate Matter were released by the EPA on May 16, 2008.

RESPONSE: The finalized rules for the PM_{2.5} NSR Permitting program came too late for them to be properly incorporated into the development stage of this rulemaking. Since the addition of the PM_{2.5} NSR program goes beyond the scope and intent of this rule action, it will be addressed in a future rulemaking. Therefore, no wording changes have been made to the proposed amendment as a result of this comment.

COMMENT #10: The EPA commented that because of significant differences in the definitions for major stationary source, major modification, net emission increase, and significant used in the major source nonattainment and attainment permitting programs, the department is proposing to adopt the 40 CFR 51.165(a)(1) definitions for its nonattainment permitting program. It appears they should also adopt the 40 CFR 51.165(a)(1) definition for fugitive emissions. The 40 CFR 51.165(a)(1)(ix) definition for fugitive emission contains special provisions for offsets in paragraph (G) that wouldn't otherwise be adopted with the PSD version of the definition.

RESPONSE: There is no difference in the definition of the term fugitive emissions between the 40 CFR 51.165(a)(1) definition and the proposed July 1, 2007 40 CFR 52.21(b) definition. Upon further discussion with the commenter, it was determined that this comment was made in regards to the recently promulgated fugitive emissions federal rule which is not yet effective. Since this federal rule is being reconsidered, no wording changes have been made to the proposed amendment as a result of this comment.

COMMENT #11: The EPA noted that the department adopts the 40 CFR 52.21(b) definitions by reference in subsection (8)(A) and commented that approximately twenty-one (21) of the fifty-six (56) definitions under the 40 CFR 52.21 federal PSD program also have stand-alone definitions in 10 CSR 10-6.020. So there is no confusion, the department should add language to subsection (8)(A) making it clear that the 40 CFR 52.21 definitions take precedence when evaluating PSD permits.

RESPONSE AND EXPLANATION OF CHANGE: The introductory sentence in the proposed definition subsection (1)(A) establishes that 40 CFR 52.21(b) definitions take precedence. Proposed paragraph (1)(A)5. clarifies that one should look to 10 CSR 10-6.020 for a definition only when it cannot be found elsewhere in the definitions subsection. This provision removes any conflicts or duplicity among

the definitions. Although no wording changes were made as a result of this comment, the positions of proposed paragraphs (1)(A)5. and 6. have been rearranged and renumbered accordingly for the purposes of consistency with the standard rule organization format.

COMMENT #12: The EPA noted that in proposed paragraphs (12)(F)1. and 3., the department's Air Pollution Control Program's intention is to update the reference to the *Guideline on Air Quality Models*. Since this reference is no longer produced as a separate guidance document, the EPA suggested that the language be revised to refer to 40 CFR Part 51, Appendix W. Additionally, the EPA gave a suggested up-to-date citation language to replace the reference to the *Workbook for the Comparison of Air Quality Models* in paragraph (12)(F)2.

RESPONSE AND EXPLANATION OF CHANGE: As a result of this comment, proposed paragraphs (12)(F)1.-3. have been amended using the appropriate suggested citations.

COMMENT #13: AmerenUE commented that the word "applicable" should be added to paragraph (6)(A)1. to clarify that not all provisions apply to every project or permit.

RESPONSE AND EXPLANATION OF CHANGE: For the sake of clarity, the word applicable has been added to paragraph (6)(A)1. as suggested. The department also notes that the word violate, in our interpretation, only refers to provisions that apply.

COMMENT #14: AmerenUE suggested that the department's Air Pollution Control Program revise the introductory sentence in section (7) to more clearly identify relevant subsections of section (7) to various projects. For example, subsection (7)(A) does not apply to new major stationary sources but does apply to modifications of existing major sources. Subsection (7)(B) does not apply to minor modifications at existing major sources but does apply to all other projects. The introductory sentence implies that all of section (7) applies to any project at an existing major stationary source and subsection (7)(A) applies to new major sources.

RESPONSE: The introductory sentence to proposed section (7) gives a broad overview of the entire section and identifies the entire set of sources to which any provision of section (7) might apply. The applicability sentence at the beginning of each subsection clearly delineates to which subsets of this larger group each subsection applies. The section (7) introductory sentence is intentionally written to be general because, even though in the past construction projects that are determined not to be major had no obligations in section (7), they now might incur record keeping and reporting obligations pursuant to subsection (7)(D) under these proposed NSR reform provisions. In other words, to determine whether any provisions of section (7) apply to a given project, other subsections of section (7) may need to be read, not just the major permit determination test provisions, as in the past. Therefore, no wording changes have been made to the proposed amendment as a result of this comment.

COMMENT #15: Both AmerenUE and KCPL commented that 72 FR 72617 (Reasonable Possibility in Recordkeeping Rule) is referenced in the attainment area section but were unable to find a reference to this rule in the nonattainment provisions. Both felt that the reasonable possibility provision should apply to both the PSD and nonattainment major permitting sections.

RESPONSE: As the commenters stated, the EPA final rule that addresses the record keeping reasonable possibility requirements is incorporated into the PSD or major attainment section of this rule through its inclusion to the referenced rule 40 CFR 52.21. It is indeed the department's intent to include the reasonable possibility concept in nonattainment areas as well through this rule action. The second sentence in subsection (7)(D) states the owner or operator of such sources shall comply, in regards to the nonattainment pollutant, with the provisions of paragraph (r)(6) of 40 CFR 52.21, which is incorporated by reference in subsection (8)(A) of this rule. Paragraph

(r)(6) of 40 CFR 52.21, as updated by 72 FR 72617, includes the reasonable possibility provisions. The clarification made in Comment #2 in regards to the format for referencing a CFR citation updated by an FR notice solidifies this link. Therefore, no wording changes have been made to the proposed amendment as a result of this comment.

10 CSR 10-6.060 Construction Permits Required

(1) Applicability.

(A) Definitions. Definitions of certain terms used in this rule may be found in paragraph (b) of 40 CFR 52.21 which is incorporated by reference in subsection (8)(A) of this rule, except that—

1. Any provisions of 40 CFR 52.21(b) that are stayed shall not apply;

2. Solely for the purposes of paragraph (1)(A)2. and section (7) of this rule, the following definitions shall be used in place of the definitions of the same terms specified elsewhere in this subsection:

A. Major stationary source is defined in 40 CFR 51.165(a)(1)(iv), promulgated as of July 1, 2007, including the revision published at 72 FR 24077 (effective July 2, 2007), and hereby incorporated by reference in this rule, as published by the Office of the Federal Register, U.S. National Archives and Records, 700 Pennsylvania Avenue NW, Washington, DC 20408. This rule does not incorporate any subsequent amendments or additions. The term major, as used in this definition, shall be major for the nonattainment pollutant;

B. Major modification is defined in 40 CFR 51.165(a)(1)(v), promulgated as of July 1, 2007, and hereby incorporated by reference in this rule, as published by the Office of the Federal Register, U.S. National Archives and Records, 700 Pennsylvania Avenue NW, Washington, DC 20408, except that any incorporated provisions that are stayed shall not apply. This rule does not incorporate any subsequent amendments or additions. The term major, as used in this definition, shall be major for the nonattainment pollutant;

C. Net emissions increase is defined in 40 CFR 51.165(a)(1)(vi), promulgated as of July 1, 2007, and hereby incorporated by reference in this rule, as published by the Office of the Federal Register, U.S. National Archives and Records, 700 Pennsylvania Avenue NW, Washington, DC 20408, except that the term paragraph (a)(1)(xii)(B) shall be 40 CFR 52.21(b)(21)(ii). This rule does not incorporate any subsequent amendments or additions; and

D. Significant is defined in 40 CFR 51.165(a)(1)(x), promulgated as of July 1, 2007, and hereby incorporated by reference in this rule, as published by the Office of the Federal Register, U.S. National Archives and Records, 700 Pennsylvania Avenue NW, Washington, DC 20408. This rule does not incorporate any subsequent amendments or additions;

3. Solely for the purposes of section (9) of this rule, the following definitions shall be used in addition to definitions specified elsewhere in this subsection:

A. Construct a major source—

(I) Fabricate, erect, or install, at any greenfield site, a stationary source or group of stationary sources which is located within a contiguous area and under common control and which emits or has the potential to emit ten (10) tons per year of any hazardous air pollutant (HAP) or twenty-five (25) tons per year of any combination of HAPs; or

(II) Fabricate, erect, or install, at any developed site, a new process or production unit which in and of itself emits or has the potential to emit ten (10) tons per year of any HAP or twenty-five (25) tons per year of any combination of HAPs;

B. Greenfield site—A contiguous area under common control that is an undeveloped site;

C. Process or production—Any collection of structures and/or equipment, that processes, assembles, applies, or otherwise uses material inputs to produce or store an intermediate or final prod-

uct. A single facility may contain more than one (1) process or production unit;

D. Reconstruct a major source—Replace components at an existing process or production unit where the replacement of components in and of itself emits or has the potential to emit ten (10) tons per year of any HAP or twenty-five (25) tons per year of any combination of HAPs, whenever—

(I) The fixed capital cost of the new components exceeds fifty percent (50%) of the fixed capital cost that would be required to construct a comparable process or production unit; and

(II) It is technically and economically feasible for the reconstructed major source to meet the applicable maximum achievable control technology emission limitation for new sources established under this section;

E. Research and development activities—Activities conducted at a research or laboratory facility whose primary purpose is to conduct research and development into new processes and products, where such source is operated under the close supervision of technically trained personnel and is not engaged in the manufacture of products for sale or exchange for commercial profit, except in a *de minimis* manner;

F. Similar source—A stationary source or process that has comparable emissions and is structurally similar in design and capacity to a constructed or reconstructed major source such that the source could be controlled using the same control technology; and

G. Definitions for certain terms, other than those defined in subparagraphs (1)(A)3.A. through F. of this rule, may be found in 40 CFR 63.41 promulgated as of January 1, 2007, and hereby incorporated by reference in this rule, as published by the Office of the Federal Register, U.S. National Archives and Records, 700 Pennsylvania Avenue NW, Washington, DC 20408. This rule does not incorporate any subsequent amendments or additions;

4. Nonattainment pollutant—Each and every pollutant for which the location of the source is in an area designated to be in nonattainment of a National Ambient Air Quality Standard (NAAQS) under section 107(d)(1)(A)(i) of the Act. Any constituent or precursor of a nonattainment pollutant shall be a nonattainment pollutant, provided that the constituent or precursor pollutant may only be regulated under this rule as part of regulation of the corresponding NAAQS pollutant. Both volatile organic compounds (VOC) and nitrogen oxides (NO_x) shall be nonattainment pollutants for a source located in an area designated nonattainment for ozone;

5. The provisions of subsection (8)(B) of this rule regarding the term administrator shall apply; and

6. Definitions for certain terms used in this rule, other than those defined elsewhere in this subsection, may be found in 10 CSR 10-6.020.

(6) General Permit Requirements for Construction or Emissions Increase Greater Than *De Minimis* Levels.

(A) A permit shall be issued pursuant to this section only if it is determined that the proposed source operation or installation will not—

1. Violate any of the applicable provisions of this rule;

2. Interfere with the attainment or maintenance of ambient air quality standards;

3. Cause or contribute to ambient air concentrations in excess of any applicable maximum allowable increase listed in subsection (11)(A) Table 1, of this rule, over the baseline concentration in any attainment or unclassified area;

4. Violate any applicable requirements of the Air Conservation Law; and

5. Cause an adverse impact on visibility in any Class I area (those designated in paragraph (12)(I)3. of this rule).

(7) Nonattainment Area Permits. This section applies to the construction of any new major stationary source or any project at an

existing major stationary source in an area designated as nonattainment.

(B) Permit Requirements. A permit shall not be issued, for the construction of a new major stationary source for the nonattainment pollutants, or for a major modification for the nonattainment pollutant of an existing major stationary source, unless the following requirements, in addition to section (6) of this rule, are met:

1. By the time the source is to commence operation, sufficient emissions offsets shall be obtained as required to ensure reasonable further progress toward attainment of the applicable national ambient air quality standard and consistent with the requirements of Section 173(a)(1)(A) of the Clean Air Act and paragraphs 40 CFR 51.165(a)(3) and (9);

2. In the case of a new or modified installation which is located in a zone (within the nonattainment area) identified by the administrator, in consultation with the Secretary of Housing and Urban Development, as a zone to which economic development should be targeted, emissions of that pollutant resulting from the proposed new or modified installation will not cause or contribute to emissions levels which exceed the allowance permitted for that pollutant for that zone from new or modified installations;

3. Offsets have been obtained in accordance with paragraph (7)(B)1. and with the offset and banking procedures in 10 CSR 10-6.410;

4. The administrator has not determined that the state implementation plan is not being adequately implemented for the nonattainment area in which the proposed source is to be constructed or modified;

5. Temporary installation and portable sources shall be exempt from this section provided that the source applies BACT for each pollutant emitted in a significant amount;

6. The applicant must provide documentation establishing that all installations in Missouri, which are owned or operated by the applicant, (or by any entity controlling, controlled by, or under common control with the applicant) are subject to emission limitations and are in compliance, or are on a schedule for compliance, with all applicable requirements;

7. Permit applications shall include a control technology evaluation to demonstrate that any new major stationary source or major modification will meet the lowest achievable emission rate (LAER) for all new or modified emission units, unless otherwise provided in this section;

8. Any new major stationary source or major modification to be constructed in an area designated nonattainment shall comply with LAER as determined by the director and set forth in the construction permit pursuant to this section, except where otherwise provided in this section;

9. The applicant must provide an alternate site analysis; and

10. The applicant shall provide an analysis of impairment to visibility in any Class I area (those designated in subsection (12)(I) of this rule) that would occur as a result of the installation or major modification and as a result of the general, commercial, residential, industrial, and other growth associated with the installation or major modification.

(8) Attainment and Unclassified Area Permits.

(A) All of the subsections of 40 CFR 52.21, other than (a) Plan disapproval, (q) Public participation, (s) Environmental impact statements, and (u) Delegation of authority, promulgated as of July 1, 2007, including the revisions published at 72 FR 24078 (effective July 2, 2007) and 72 FR 72617 (effective January 22, 2008), are hereby incorporated by reference in this rule, as published by the Office of the Federal Register, U.S. National Archives and Records, 700 Pennsylvania Avenue NW, Washington, DC 20408. This rule does not incorporate any subsequent amendments or additions.

(12) Appendices.

(F) Appendix F, Air Quality Models.

1. All estimates and analyses of ambient concentrations shall be based on the applicable air quality models, data bases, and other requirements specified in the Environmental Protection Agency's (EPA) *Guideline on Air Quality Models* (40 CFR Part 51, Appendix W) including supplements at the time of application.

2. Any model(s) designated in paragraph (12)(F)1. of this rule may be adjusted upon a determination by the administrator and the permitting authority, after notice and opportunity for public hearing, that the adjustment is necessary to take into account unique terrain or meteorological characteristics of an area potentially affected by emissions from the source. Methods like those outlined in the *Protocol for Determining the Best Performing Model* (United States EPA publication No. EPA-454/R-92-025, Office of Air Quality Planning and Standards, Research Triangle Park, NC 27711, 1992) and *Standard Guide for Statistical Evaluation of Atmospheric Dispersion Model Performance* (NTIS No. PB 93-226082) should be used to determine the comparability of air quality models.

3. Where the *Guideline on Air Quality Models* (40 CFR Part 51, Appendix W) including supplements at the time of application does not address a situation requiring modeling, the administrator and the permitting authority, after notice and opportunity for public hearing, may approve the use of a model which they deem accurate for modeling that situation.

ORDER OF RULEMAKING

By the authority vested in the Missouri Air Conservation Commission under section 643.050, RSMo 2000, the commission amends a rule as follows:

10 CSR 10-6.100 Alternate Emission Limits is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on November 17, 2008 (33 MoReg 2204-2205). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: No written or verbal comments were received concerning this proposed amendment during the public comment period.

ORDER OF RULEMAKING

By the authority vested in the Missouri Air Conservation Commission under section 643.050, RSMo 2000, the commission amends a rule as follows:

10 CSR 10-6.350 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on December 1, 2008 (33 MoReg 2315-2316). Those sections with changes are

reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Missouri Department of Natural Resources' Air Pollution Control Program received three (3) comments on this amendment. The three (3) comments were from the U.S. Environmental Protection Agency (EPA), the Regulatory Environmental Group for Missouri (REGFORM), and AmerenUE.

Due to the similar nature of all these comments one (1) response follows this group of three (3) comments:

COMMENT #1: REGFORM commented that they understand and appreciate the goal of the department's Air Pollution Control Program to address the current uncertainty regarding the EPA Clean Air Interstate rule (CAIR). However, they do not believe the best strategy for the state and regulated sources is to simply remove the sunset provision from this rule. Removal of subsection (1)(F) is not necessary because of the D.C. Circuit Court of Appeals decision on December 23, 2008, to remand but not vacate CAIR. REGFORM recommended amending the language in the sunset clause of the rule, subsection (1)(F), to read that the requirements of sections (3), (4), and (5) of this rule will not apply to any control period while CAIR or any subsequent regulation promulgated by EPA that effectively implements the requirements of CAIR is in force.

COMMENT #2: AmerenUE commented that they understand that it is the desire of the department to address the current uncertainty regarding CAIR. However, they do not believe the best solution is to simply remove the sunset provision from this rule. If the sunset provision is removed, utilities would be required to perform duplicate record keeping and reporting with no redeeming benefit. Removal of subsection (1)(F) is not necessary because of the D.C. Circuit Court of Appeals decision on December 23, 2008, to remand but not vacate CAIR. If it is the intent to limit the uncertainty related to CAIR, Ameren supports the comments of REGFORM and the recommended language that REGFORM provided.

COMMENT #3: The EPA commented that since CAIR is in effect, they believe that it would be appropriate for the department to retain the sunset provisions of the rule.

RESPONSE AND EXPLANATION OF CHANGE: As a result of these comments, the language in the sunset provisions has been changed to clarify that this rule will not apply if CAIR is in effect.

10 CSR 10-6.350 Emission Limitations and Emissions Trading of Oxides of Nitrogen

(1) Applicability.

(F) The requirements of sections (3), (4), and (5) of this rule will not apply to any entity or source subject to and implementing the requirements of 10 CSR 10-6.364.

ORDER OF RULEMAKING

By the authority vested in the Missouri Air Conservation Commission under section 643.050, RSMo 2000, the commission amends a rule as follows:

10 CSR 10-6.360 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on December 1,

2008 (33 MoReg 2316-2317). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Missouri Department of Natural Resources' Air Pollution Control Program received three (3) comments on this amendment. The three (3) comments were from the U.S. Environmental Protection Agency (EPA), the Regulatory Environmental Group for Missouri (REGFORM), and AmerenUE.

Due to the similar nature of all these comments one (1) response follows this group of three (3) comments:

COMMENT #1: REGFORM commented that they understand and appreciate the goal of the department's Air Pollution Control Program to address the current uncertainty regarding the EPA Clean Air Interstate rule (CAIR). However, they do not believe the best strategy for the state and regulated sources is to simply remove the sunset provision from this rule. Removal of subsection (1)(H) is not necessary because of the D.C. Circuit Court of Appeals decision on December 23, 2008, to remand but not vacate CAIR. REGFORM recommended amending the language in the sunset clause of the rule, subsection (1)(H), to read that the requirements of sections (3), (4), and (5) of this rule will not apply to any control period while CAIR or any subsequent regulation promulgated by EPA that effectively implements the requirements of CAIR is in force.

COMMENT #2: AmerenUE commented that they understand that it is the desire of the department to address the current uncertainty regarding CAIR. However, they do not believe the best solution is to simply remove the sunset provision from this rule. If the sunset provision is removed, utilities would be required to perform duplicate record keeping and reporting with no redeeming benefit. Removal of subsection (1)(H) is not necessary because of the D.C. Circuit Court of Appeals decision on December 23, 2008, to remand but not vacate CAIR. If it is the intent to limit the uncertainty related to CAIR, Ameren supports the comments of REGFORM and the recommended language that REGFORM provided.

COMMENT #3: The EPA commented that since CAIR is in effect, they believe that it would be appropriate for the department to retain the sunset provisions of the rule.

RESPONSE AND EXPLANATION OF CHANGE: As a result of these comments, the language in the sunset provisions has been changed to clarify that this rule will not apply if CAIR is in effect.

Tips for Rulemaking

Using Commas

- Use a comma after each item in a series of three or more words, phrases, letters, or figures used with *and*, *or*, or *nor*. For example—adopt, amend, or withdraw.
- Use a comma before the conjunction in a compound sentence. For example—The Administrative Rules division prints the *Missouri Register*, and they print the *Code of State Regulations*.
- Use a comma after the year in complete dates (month, day, and year) within a sentence. For example—The amendment was in the June 15, 2008, issue of the *Missouri Register*.
- Do not use a comma before the ZIP Code. For example—Jefferson City, MO 65101.
- Do not use a comma between the month and year. For example—October 2008.
- Do not use a comma before abbreviations of compass directions. For example—6430 Princeton Dr. SW.

For more information about comma use, please consult the *GPO Style Manual* (<http://www.gpoaccess.gov/stylemanual/browse.html>), or contact the Administrative Rules Division at (573) 751-4015.
